Last Day to State for Extradite Bennett Pay Tax in GC Will be Wednesday

Penalty to be Applied
Against Real, Personal
Taxes Unpaid Oct. 1

Granite City township taxpayers flooded the city treasurer's office this morning to make last-minute payment of their 1963 tax bills and beat Wednesday's 5 p.m. deadline for local collections and a subsequent penalty against unpaid bills.

Treasurer E. R. Rich, who also is town collector, said, "An extension is impossible," although he has received many requests. "We had 30 collection days last year and the treasurer's office in Edwardsville agreed to give us the same number of collection days this year."

County Treasurer George Musso told the Press-Record that he expects to receive the Granite City tax books at the same time next week, after Rich and his staff have had time to balance the books.

1% Monthly Penalty
First 1% penalty on unpaid taxes will be applied Oct. 1. Unpaid taxes are subject to additional penalties of 1% per month thereafter.

Rich pointed out that collection of tax bills is running behind last year. Gross current tax bill for 1963, now being collected, was smaller than that for the 1962 tax year which was collected in 1963.

He said the rush of taxpayers today indicates that the collection may pick up sharply in the remaining days of local collection.

Personal Taxes
"We had on the books this morning a total of 240 professional persons — doctors, attorneys and others — and small business firms who have not yet paid personal property tax bills."

Collection of real estate taxes and \$309,066 in personal taxes. This is less than half of the \$608,578 total billing \$3,515, 195 represents current taxes, and the balance delinquent taxes.

Meeting Tonight

State Air Pollution Chief Slated to Talk to Council

Granite City council members are expecting a visit from the chief of the bureau of Air Pollution Control for the state Department of Health at tonight's 8 o'clock session.

Robert French advised the city last week that he planned to meet with the council to go over state laws governing air pollution controls and what steps the city has to take if it wants to exercise the controls.

Also expected are petitions from East Granite residents and householders in other areas of recent paint discoloration on houses. The petitions call for city action to clean the air of fumes and chemicals.

Not on the agenda is a recommendation for award of a construction contract for the city's sewage treatment plants. Bids of \$1,268,432 from Nelson Construction Co., St. Louis, and \$1,280,279 from S. M. Wilson & Co. were opened last Tuesday. If the bids are not acted on tonight, they will be carried over to the Sept. 29 session.

Presented at the amendment to the city code giving direct authority to the mayor to name council members and chairmen is expected. It was placed on first reading two weeks ago. At that time it was noted the amendment was to remove junior aldermen as committee chairmen.

G. H. Sternberg, a junior alderman and chairman of the important Street and Alley committee, terms the amendment "an attempt to get tight-fisted control of the council by the mayor and his crew," pointing out that the council earlier had overcome a move to have him removed from the post.

Sternberg, who was out of town when the amendment was presented, challenges the mayor's motive as being a preparation for the forthcoming city election to support a city hall candidate for mayor. He added that the mayor's council group had defeated a proposal by

THIS BELIEVE

The book of Acts, in the New Testament Bible, does not narrate and detail every fact that happened during the time covered therein. The writer, for instance, does not describe all of the details that happened to many groups of people who received the Holy Ghost. As a matter of fact, there are only three instances that specify exactly what happened to the believers immediately after first receiving the Holy Ghost. The disciples on the day of Pentecost spoke with tongues (Acts 2:1-4); the first Gentile believers, spoke with tongues (Acts 10:44-46); and the twelve Ephesian disciples spoke with tongues (Acts 19:1-7). Nothing is said about what the 3000 souls did when they received the Holy Ghost after Peter's Pentecostal Sermon (Acts 2:41) or of the 5000 men some time later (Acts 4:4); or of the Samaritans (Acts 8:17-18); or of Paul the Apostle, though later he said that he did speak in tongues more than the others in Corinth (Acts 9:17) (I. Corinthians 14:18). Those who had previously received the Holy Ghost were again filled and they spoke with word of God (Acts 4:31). However the only clear cases of initially receiving the Holy Ghost are those examples where the people all spoke with tongues. I submit that this is the standard way to receive the Holy Ghost—otherwise after the Ascension of Christ there are not other plain Scriptural examples to follow.

Behind at Half, GCHS Wins 12-6: Petrillo Puts Punch into Offense

If Granite City's Warriors run into a tougher football bunch than the Riverview Gardens Rams this season, coach Jim Morrison will be greatly surprised.

The invaders from Missouri gave the local high schoolers a home-crushing battle. Despite the line, but a second-half rally gave Granite City a 12-6 victory Friday night before an overflow crowd of 4500 at the GCHS field.

If we can stand a toe-to-toe with that bunch, we can do it with East St. Louis and Belleville," said Morrison, who pulled a tag from his pre-season appendectomy in the excitement. "Maybe my memory has eroded over the year, but I don't think any Southwestern Conference team held our rushing game better last year than Riverview did."

The Ram's defense held true to its pre-game billing, especially in the first half, when the Warriors were held to 31 yards rushing and failed to complete any of six passes. At least two of the quarterback Doug Winfield's passes that half, however, were on target, but were dropped by receivers.

"Maybe I was born 20 years too late," said Morrison, who studied football under Woody Hayes at Ohio State. "But I like to ram it down their throats. So in the first half I kept calling the inside power plays and you saw what happened."

"Then at the half, my assistants cornered me and said 'Look, buddy, if you want to win this game, you better open up the offense and start going off tackle and around end.' I've got the credit assistants in the work."

The change in strategy, with hard-running and stick-flying in the first half, when the Warriors were held to 31 yards rushing and failed to complete any of six passes. At least two of the quarterback Doug Winfield's passes that half, however, were on target, but were dropped by receivers.

Another important factor was the awesome punting power displayed by Joe Hauptman, who hadn't kicked in practice due to an ankle injury on the kicking leg. He pounded out four long boomerangs that averaged 41 yards, exceptional in high school football.

Other important roles were played by novice fullback Gary Johnson, who picked up 34 yards in nine tries and scored the second Granite City TD, and the combination of a hard-charging line and hard-to-shake backs which rattled advance notices of a tight pass defense.

Morrison had at least two reservations on his Warriors' performance. "Our defense on the running game could be better," he said, "and I think our offense hit too slow. We need work on our timing."

Rams Take Lead Most of the first quarter was a give-and-take defensive battle in Riverview territory. A field goal attempt by Hauptman with the ball placed at the 23, missed.

Later in the opening period, the Warriors again lined up for a field goal but Hauptman purposely the ball was placed on the 40, kicked out-of-bounds.

Riverview got its big break in the second period when a Riverview punt was dropped by deep back Mike Mounce after he called a fair catch. The Rams' Rick Skliwot recovered five yards from the goal.

Riverview gained three yards on the next two plays before fullback Mike Crank plowed over the right side with 7:30 left in the half. The extra-point placement missed.

First Warrior Score Granite City's first score came after Riverview punter Terry Olsen was caught in his own 38 after a bad pass from center. On first down, Winfield tossed to Petrillo for 18 yards and another first-and-10. Then Johnson picked up three yards and Petrillo got loose around the right end and went 16 yards to the end.

Jim Rains' kick missed and with 3:47 left in the third quarter, it was 6-6.

A solid 57-yard drive that started with a minute left in the

Hearts Knocked Out Of League Playoffs

A two-out, ninth-inning homer by Al Peludat yesterday gave the Collinsville Boosters a 6-5 victory over Sacred Heart, eliminating the Granite City team from post-season playoffs of the Southwestern Illinois Inter-City Baseball League.

The Southern Illinois University athlete connected off lefty Earl Simpson after the winning pitcher Bob Vetter and ex-profectioner shortstop Chuck Henrich had been retired. The clutch came after a sizzling comeback staged by the Hearts.

Sacred Heart took the lead at the opening inning when Bob Ketterer walked, advanced on Frank Hilde's sacrifice and

scored on Adrian Rains' single. But the Boosters tied the score in their half on a two-out single by Larry McCaskey, Wayne Cross's double and McCaskey's throw at home. The host team went ahead 3-1 in the fourth when two infield errors and hits by McCaskey and Bill Mader brought in two runs.

Four Sacred Heart fielders ended the Boosters to go ahead 5-1 in the sixth. There were three infield errors, a single by Walt Wielgus and a double by Don Burns.

In the seventh, the Hearts came back with three runs on singles by Eddie Opich and Sam Georgeff and two Collinsville miscues. They tied the score in the eighth as Hilde singled, advanced on a wild pitch and scored on Bob Jones' bingle.

Thus the two-out-three championship series will match Red Division champion Collinsville and Blue winner St. Clair Heat- ing of East St. Louis, 10-1 victor yesterday over Pocatango. The series starts Sunday.

The other Granite City team, Mercer Funeral Home, was eliminated earlier in the playoffs by Pocatango.

MADISON TESTS EDWARDSVILLE LINE as the Trojans' quarterback, Steve Geroff (21) holds out ball for halfback Dale Turner (left) who picked up short gain. Blocking are guard Art Neidhardt (on ground in center), fullback Alton Rendell (53) and guard Ezell Mollet (right). Dark-shirted Tigers identifiable are Bob Brown (32), Jim Dohle (82) and Wayne Holman (warding off Rendell). Edwarsville won the game 20-0.

Edwardsville Grabs 20-0 Triumph Madison Hurt by Fumbles, Faulty Defense

A poor defense and fumbles at critical times were the main shortcomings pointed out by Madison football coach Glen Pickering after his Trojans lost their 20-0 to the Edwarsville Tigers at the MHS field.

"Our defense was real poor," he said, "We really have to work on it this week, especially at the end and linebacker positions."

Twice the Trojans penetrated to inside the Tigers' 10-yard-line but fumbles recovered by the visitors stopped the threats in the Friday night battle.

In the first period with no score, the Trojans moved down to the Edwarsville nine but a fumble was recovered by the Tigers' John Hartmann. Late in the game, Madison put together a long drive that went to the three but another lost fumble erased the chance to score.

Edwardsville picked up almost 300 yards rushing, with fullback Bob Brown, according to unofficial statistics, carrying 14 times for 82 yards.

In the same league, the Rockies buzzed the Browns 40-0 as Kevin McGovern scored three touchdowns. Don Harris two, Rich Gaines one and Dennis Kunemann accounted for 80 safety. The Warriors downed the

Then Brown, on the following play, zipped 25 yards to score. The half ended with Edwarsville holding a 13-0 lead.

In the third period, Edwarsville's tough defense held the Trojans' attempt to gain the inches needed for a first down on their own 36. Four plays later, the Tigers' Don Post bolted over from the 15 for the last TD of the night.

"I thought we moved the ball real well," Pickering said, noting his Trojans picked up about 145 yards rushing. Preliminary post-game statistics showed halfback Dale Turner gained 51 yards in their traditional battle.

Rams, Bowler's Each Win 2 Games As Flag Football Schedule Opens

Two teams picked up two victories each Saturday as the Granite City park district's flag football schedule opened.

In the 5th-6th grade action, the Rams downed the Steelers 19-6 and the Cardinals 26-0. Scoring for the Rams in the first game was Joe Wallace, John Conway and Mike Neumann while Frank Finnazzo scored for the Steelers. All the Rams' second game points were by Neumann.

In the same league, the Rockies buzzed the Browns 40-0 as Kevin McGovern scored three touchdowns. Don Harris two, Rich Gaines one and Dennis Kunemann accounted for 80 safety. The Warriors downed the

Bill Meyer, who dominated stock car racing earlier this season, regained his winning touch Saturday night by taking the super-modified feature race at the Tri-City Speedway. Following the Wood River driver across the finish line were Wild Spaulding of Granite City and Jerry Weid of Kansas City.

Meyer was also the night's fastest qualifier while Spaulding won the handicap race. Heat race winners were Art Pauley, Dandridge, Bud Parsley and Tom Corbin.

In the tender-bender "double-duties" feature Art Gross was first with Sonny Burton finishing second.

Jim Giese of Granite City had his troubles in the Sports Car Club of America's Midwest Division championship over the weekend at Mid-America Raceway, near Wentzville, Mo.

On Saturday, Giese's car was stopped by a broken rear axle. He repaired it and went back yesterday. Then the transmission on his Porsche broke down but, with the aid of other drivers, he fixed it on time for the races and finished fourth in the E-production class.

The other local driver entered, Jay Dee Snyder, had a small fire in his engine but finished fifth in the G-modified class, driving his Lotus. About 15,000 watched the races.

Salvation Army Offers Help to Needy

The Salvation Army—one of the oldest and most widely known charitable organizations in the area—ranks foremost among the agencies ready and qualified to provide an all-around program of youth, adult and senior activities as well as emergency help in the time of need.

Widely and traditionally known as the organization always willing to offer a helping hand to the down-and-out, be they transients or an entire family down on its luck, this member of the Tri-Cities Area United Fund covers a vast field of operation. Its activities range from recreational, educational and character building programs for youngsters to providing a hot meal for a weary transient or buying fuel for a needy family.

As a charitable organization whose majority of funds are spent directly to help individuals or families, the Salvation Army raises about one-third of its annual budget from sources other than the United Fund, but would be unable to continue its work without the aid of its share of United Funds contributed by generous Quad-Citians. The Salvation Army last year reported actual expenditures of \$32,604, and for the 1964 year has budgeted \$32,137, of which \$20,287 has been requested of the United Fund.

According to Capt. Mildred Walker, chief administrator of the agency, many of the Salvation Army's recreational activities require no membership, and no fees are charged for participation.

Other activities are varied. Last year, for example, the agency supplied 99 emergency grocery orders, distributed 337 garments and 61 pairs of shoes, provided 391 articles of bedding and furniture, and ordered food for nine families. In all, the Salvation Army aided 473 families.

RECREATION AND CHARACTER BUILDING programs for youngsters are a part of the Salvation Army's service to the community. Youngsters shown above are in the recreation center located in the 1800 block of State street. The Salvation Army hopes in the near future that a special fund promotion can be started to provide more adequate quarters.

Aids Transients, Homeless
The agency also provided lodging for five transients or homeless persons, provided 191 meals for such persons and supplied transportation funds for two. A total of 136 transient men and women or children were aided, making a total of 191 transient persons aided during the year. The Salvation Army's League of Mercy made 12 visits to a total of 1863 persons, distributing 1725 publications and 1800 articles and gifts during 262 hours of visiting. To the agency's "Golden Agers," ten dinners were served to a total of 397 persons and 99 gifts were distributed.

Last year the Salvation Army presented 317 recreational educational and character building activities to a combined total of 8333 youths. Attendance during an additional 190 hours of supervised recreation brought combined total attendance of all activities to 10,233.

General Steel Acquires Industrial Bead Firm

Continuing the diversification of the firm's operations, General Steel Industries board of directors approved an agreement Thursday with the controlling stockholders of Flex-O-Lite Corp., St. Louis, under which Flex-O-Lite becomes a wholly owned subsidiary of GSI.

The announcement was made by W. Ashley Gray Jr., GSI president, who said the agreement provides for an exchange of 120,000 shares of General Steel stock for all outstanding shares of Flex-O-Lite, a leading producer of commercial and industrial glass beads.

The firm is one of the nation's three principal suppliers of glass beads for a wide range of applications including highway traffic line and airport runway marking, commercial and traffic signs and license plates and for industrial use in finishes, metals, stress relief, paint preparation and mold cleaning. Flex-O-Lite also is a major exporter of glass beads.

"This acquisition," Gray said, "is another step in General Steel's continuing diversification and we look to Flex-O-Lite and the growing glass-bead industry

as another new field of profitable productivity for GSI."

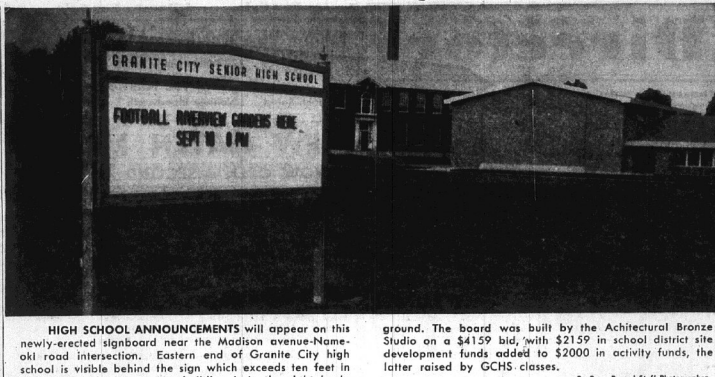

Operation of the Flex-O-Lite plant in Affton, Mo., and others in Paris, Tex., and St. Thomas, Ontario, Canada, will continue under the present management. The firm was established in 1942 in St. Louis, and Preston D. Law has been president since 1948.

General Steel, in addition to its local plant for producing railroad and industrial cast steel products, is a major producer of rapid transit cars at the St. Louis Car plant, and iron and steel rolls for industrial purposes produced at the Avonmore, Pa., plant. It also has a subsidiary, Ladlow-Saylor Wire Cloth Co., which produces industrial wire cloth and screen at plants in St. Louis and in California.

Part of Brass Loot Found in Weeds

Eighty-nine brass railroad journals believed to have been among loot taken by thieves at the Hyman Michaels Iron & Metal Co. at Venice last week were recovered by company employees Friday morning when they found the metal stocked in a patch of weeds. Venice police said the thieves had removed the journals from their storage place and were either frightened away before they could leave or planned to come back for them later.

The pieces of metal weigh 21 pounds each. The recovered journals represent a total weight of 1889 pounds which at the present market price for brass represents a value of \$448.

Earl Snyder, crane man at the metal company yards, reported to Venice police last week that a total of 260 of the brass journals had been hauled away by thieves who passed the metal under the fence and loaded it into a truck. Recovery of the 89 pieces Friday leaves 171 pieces still missing. They are valued at \$861.

Changing World Challenges Teachers, Speaker Stresses

The vast sphere of influence a teacher can exert on students was emphasized Thursday evening by Dr. Alfred M. Rehwinkel of Concordia Seminary, St. Louis, who addressed a gathering of 133 Quad-City school teachers during the fifth annual teacher-clergy dinner.

Dr. Rehwinkel, a world-wide traveler, who has been lecturing 42 years to divinity students in Canada, Australia, Brazil, India and U.S., urged his listeners to keep in mind the tremendous problems and pressures students must face in the next generation.

With the far-reaching changes taking place in the present day world, Dr. Rehwinkel said, more and more the power of influence of educators upon the young mind becomes increasingly important.

The dinner, which was sponsored by the Quad-City Ministerial Association, was held at Concordia Lutheran Church, 23rd street and Grand avenue.

Rev. George Lasky, pastor of the Pontoon Church of Christ and treasurer of the Ministerial Association, served as master of ceremonies. The program followed a family-style turkey dinner prepared and served by the teachers in attendance.
